EXAMINER'S AMENDMENT / A

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Michael Shea on 9/21/00.

The application has been amended as follows: in claim 9, "circuit" has been changed to ~~—circuit—~~; in claim 19, line 6, the word "selecting" has been replaced with the phrase ~~—using a selection circuit configured to receive user supplied inputs to select—~~; and in claim 20, "claim 17" has been changed to ~~—claim 19—~~.

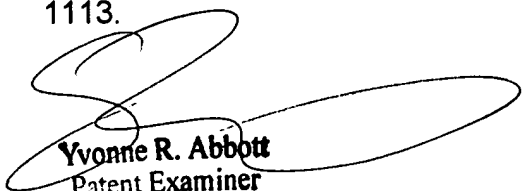

2. The following is an examiner's statement of reasons for allowance: the claims in this application have been allowed because the prior art, alone or in combination, does not disclose a system for making a live animal appear to talk comprising a speaker mounted on an article worn by an animal, and a control circuit responsive to user-supplied inputs received by a selection circuit for selectively outputting pre-recorded phrases from a memory to the speaker.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
